The book jacket of the recently reissued, *Crusoes Daughter*, asserts that the author Jane Gardam is the best British novelist you never heard of. This is a fair comment in that Gardam has published eighteen works of fiction (and three childrens books) to critical acclaim, but she has a small following in this country.

Crusoe's Daughter, published in 1986, has been reissued to fill the gap between Gardam's last novel (*God on the Rocks*, 2010) and her next one, *Last Friends*, due out next year. If you're not familiar with Gardam's backlist, start with this poignant story based on the author's mother's life on the northwest coast of England.
