The gap between these media-spooned fantasies and our actual sex lives is enormous, and is designed to leave most of us feeling like sexual losers – which keep us consuming more fantasies. In a book that is both assured and reassuring, Hills reminds us that there are as many sexualities as there are people, and that most of us find sex fun, intimate, communicative, and pleasurable.

"The first layer of the sex myth," Hills writes in her introduction, is "the most obvious: The media myth of a hypersexual society, visible in everything from moral panics over wayward youth to the saturation of sexual content in popular culture to the idea that to be sexually liberated—to be confident, free, and above all, true to ourselves, [means] being sexual in one very particular way." That is, sex must always be exciting, spontaneous, and inventive.
